

Airtex Products Freight Routing Guide

This routing guide is for under 9000 lbs and 10 floor spots only.

Any freight beyond that guideline should call shipping for routing instructions.

Parcel size shipments are for shipments under 100 lbs or under 10 cubic feet only and should ship FedEx .

Any shipments above that weight need to ship LTL per the routing guide attached.

Please ship all Product as Class 70 unless otherwise instructed

Please contact Airtex @ (618)847-8493 for shipments larger than 10 floor spots or greater than 9,000lbs.

Future updates to the Freight Routing Guide

will be posted on the Airtex website:

www.airtexproducts.com

Suppliers are responsible for checking our website for latest routing instructions. Any shipment made not utilizing the proper carrier may result in the difference of freight costs being charged back.
